

Greater Minnesota Partnership Action Alert

GMNP's workforce housing & Greater Minnesota Business Expansion Program bills need a hearing in the Senate!

Two of the GMNP's top legislative priorities — the workforce housing tax credit bill ([SF 785](#)) and a bill to make critical improvements to the Greater Minnesota Business Expansion Program ([SF 783](#)) — have not yet been scheduled for a hearing in the Senate Tax Committee. If they do not receive a hearing, it is unlikely that they will be included in the Senate's omnibus tax bill.

Both bills have already received hearings in the House, so now it is time for the Senate to step up!

Action — Legislators need to hear from YOU!

It is critical that GMNP members and their affiliates **call or email Senate Tax Committee Chair Roger Chamberlain** and **Senate Majority Leader Paul Gazelka** to urge them to hold hearings on **SF 785 (workforce housing tax credit)** and **SF 783 (Greater Minnesota Business Expansion Program improvements)**.
