What is the Greater Minnesota Partnership?

The Greater Minnesota Partnership is a public-private nonprofit corporation committed to stimulating economic growth and prosperity in Greater Minnesota.

Who should join?

Greater Minnesota businesses, chambers of commerce, economic development authorities, nonprofits, higher education institutions and local governments are all encouraged to join the GMNP.

Why join?

The GMNP gets results! The GMNP has played a vital role in the passage of legislation to improve broadband access, establish a new job training program, create business incentives and strengthen economic development programs in Greater Minnesota. Membership in the GMNP provides the opportunity to join with other organizations to become an effective voice for economic growth in Greater Minnesota. Members also receive information about GMNP initiatives and economic development policy changes being considered at the Capitol, as well as a say in shaping the GMNP's priorities and legislative agenda.
