

The Greater MN Business Development Public Infrastructure (BDPI) Grant Program

Providing the public infrastructure necessary for private investment

What is BDPI?

- The BDPI program provides grants to cities in Greater Minnesota of up to 50% of the capital costs of the public infrastructure necessary to expand economic growth, retain or create jobs, or increase the tax base (§ 116J.431).
- Greater Minnesota cities depend on the grant program to attract new businesses and create jobs in their communities.

“This program has an ***outstanding return on investment***”

--DEED, State of Minnesota 2010 Preliminary Capital Budget Requests, 7/15/2009

BDPI Quick Facts

- 119 Greater Minnesota cities have received BDPI grants since FY 2003
- 2,083 jobs created and 7,648 jobs retained
- More than \$53 million awarded since 2003

“One of DEED’s ***best programs***”

--MMB Director Tom Hanson, press conference regarding governor’s 2010 Bonding Bill Requests

2016 BDPI Proposal

- Appropriate \$10 million in general obligation bonding
- Appropriate \$5 million in general fund dollars
- Increase maximum grant amount from \$1 million to \$2 million
- Require that projects receive state funding for 50% of project costs, unless otherwise specified by applicant (DEED has erroneously been applying a \$250,000 project cap)
- Allow for funding of infrastructure projects for communities to create a supply of ready to build property.

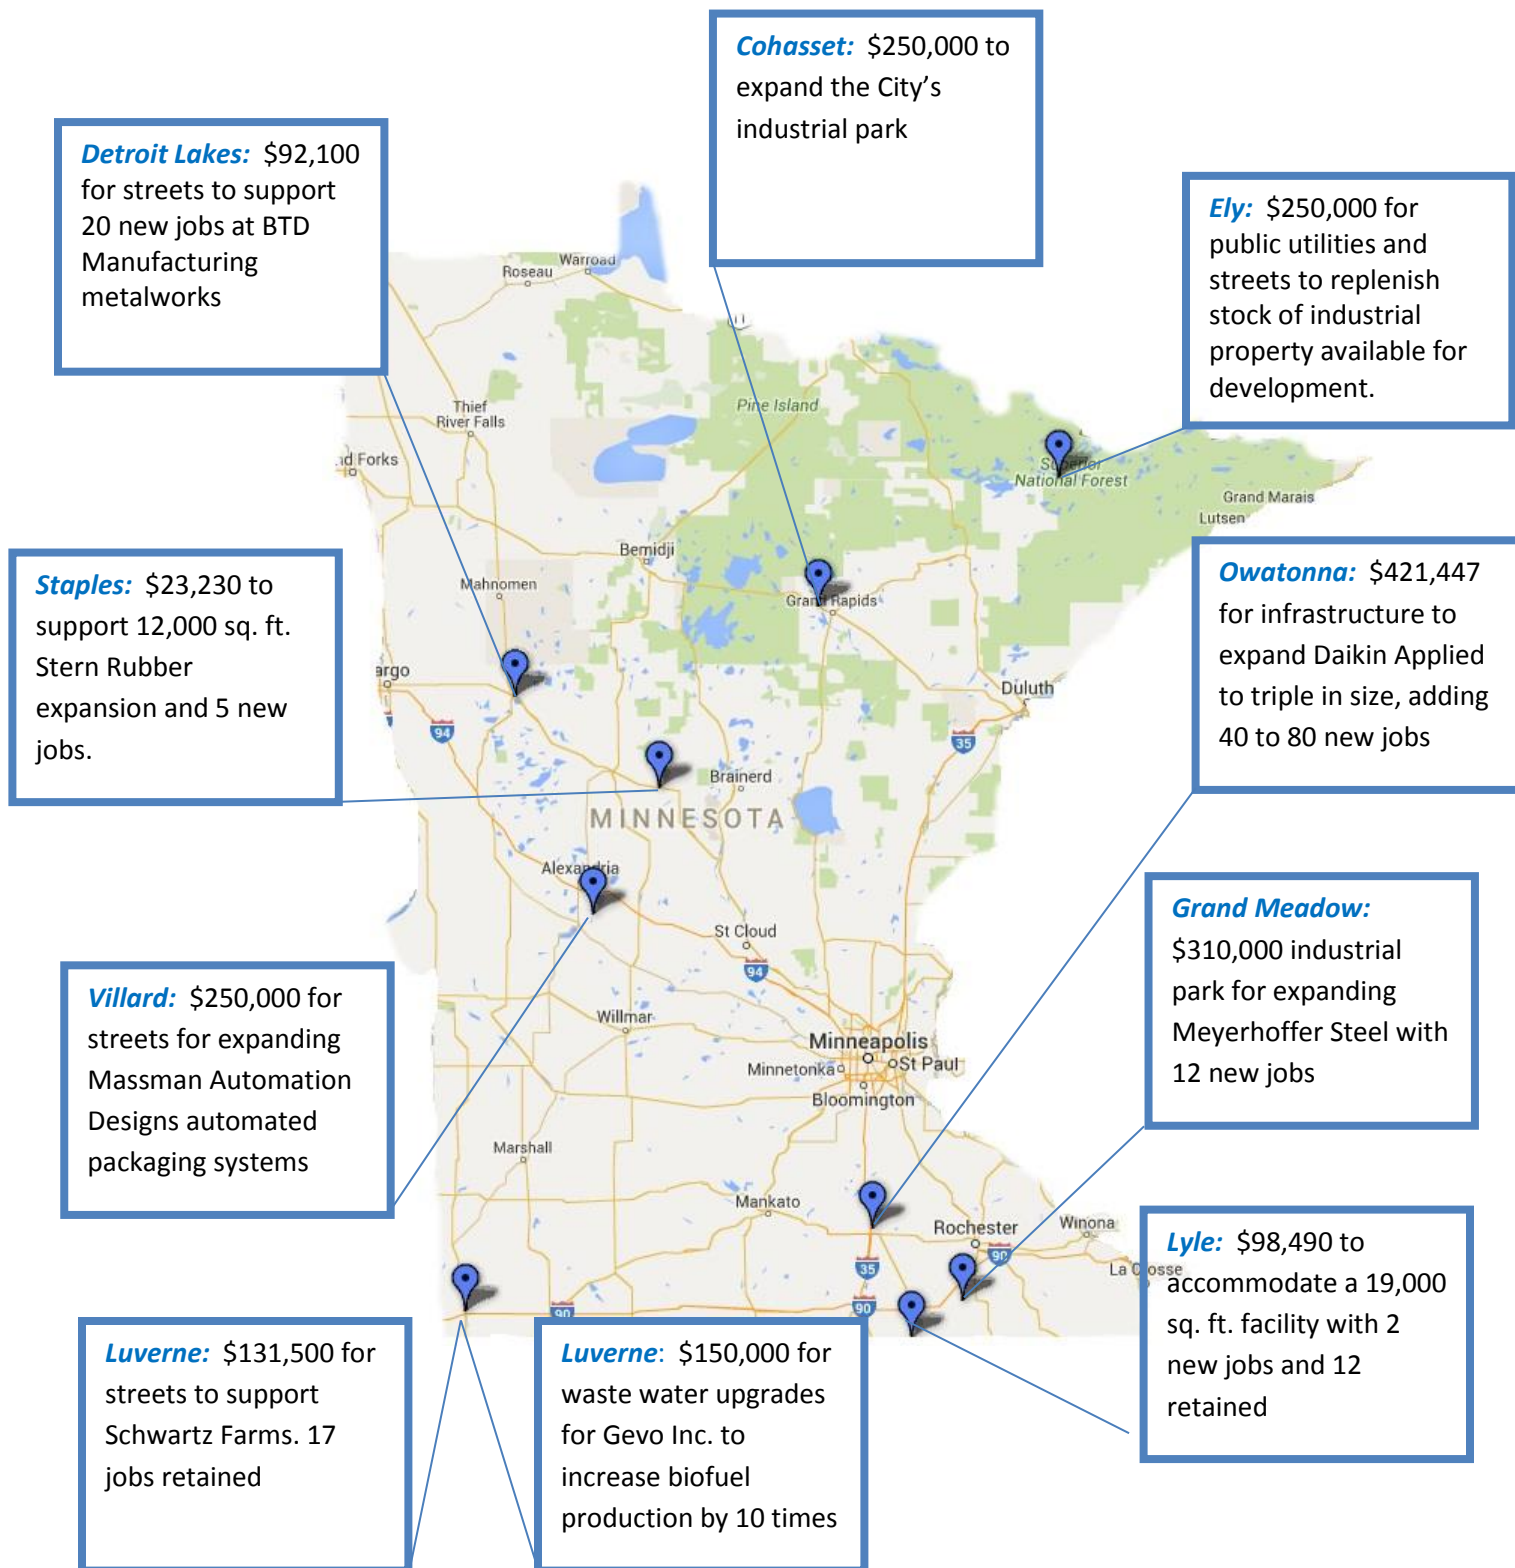

Support the Greater Minnesota BDPI program and help grow Greater Minnesota’s economy
