Statement from Dan Dorman, executive director of the Greater Minnesota Partnership, regarding House GOP's failure to fund broadband

“In meeting with business and community leaders across the state, I hear over and over again about the dire need for better broadband in Greater Minnesota. High-speed Internet service is not a luxury, it is an absolute necessity for job and business growth. With their decision to eliminate funding for the Border-to-Border Broadband program, the House GOP is ignoring one of the most important economic development issues facing our state. I urge the House Republicans to restore broadband funding and show the businesses in Greater Minnesota that they deserve the same quality Internet service currently available in the metro area.”

The Greater Minnesota Partnership is a nonprofit corporation devoted to advocating for state economic development policies and resources that benefit Greater Minnesota. Its members consist of businesses, chambers of commerce, economic development authorities, cities and nonprofit organizations from throughout Greater Minnesota.
